

Index of Articles 1988-1989

By Rhonda L. Wickham

ACCESSORIES

Accessory Sales: A World of Difference. Paul Majors, Morrison & Dempsey, March 1988, page 20, 6 pages.

Building Your Business. Rhonda L. Wickham, July 1989, page 24, 5 pages.

BASE STATION ANTENNAS

Propagation Arithmetic. William Wickline, Kathrein, August 1989, page 20, 4 pages.

Tower-Mounted Antennas. William Wickline, Kathrein, February 1988, page 39, 5 pages.

BATTERIES

Battery Charging: Extending Life & Capacity. Bob Williams, Alexander Manufacturing, April 1989, page 44, 5 pages.

BILLING & INFORMATION SERVICES

Information & Opportunity: The Financial Perspective. Mark J. Nielsen, Cincinnati Bell Information Systems, and Richard A. Hicks, Detroit Cellular Telephone Company, April 1988, page 46, 5 pages.

In-House Billing Systems: Planning for Success. Nadia Adawi, Plexsys, November 1988, page 20, 3 pages.

CARRIER PROFILES

LA Cellular: Carrier Beats Odds. Mary Swenson, Swenson Communications, January 1988, page 30, 2 pages.

CARRIER PROGRAMS

Building a Customer Service Center in a Large Metropolitan Market. James Gerace, NYNEX Mobile Communications, September 1988, page 60, 5 pages.

Cellular Message Signs Increase Airtime Use. Dale Fox, Ameritech, and David Drummond, Public Access Cellular Telephony, August 1989, page 52, 2 pages.

Developing a Warranty and Service Program. Michael Losee, Nokia-Mobira, November 1988, page 34, 4 pages.

Enhanced Information Services. Patricia A. Meade, Cellular One/Poughkeepsie, September 1989, page 94, 2 pages.

Establishing a 9-1-1 Program in Your Mar-

ket. Darren Sextro, May 1989, page 86, 1 page.

Opening a Carrier Service Center. Kim Mayyasi, Cellular One/Boston, April 1988, page 26, 3 pages.

The Price of Send. Rhonda L. Wickham, March 1989, page 22, 3 pages.

Year-Round Holiday Marketing of Cellular. Darren Sextro, March 1989, page 88, 1 page.

CELLULAR SYSTEM DESIGN

A Phone in Every Pocket. (Micro-cell technology.) M. Kawano and D. DeVaney, AS-TRONET, April 1989, page 52, 4 pages.

AM Broadcasting: The New Cellular Design Factor. Lawrence Behr, Lawrence Behr Associates, April 1988, page 16, 4 pages.

Cellular Networking: The Building of the Nationwide Cellular Network. Duane Huff, AT&T Bell Labs, August 1988, page 32, 5 pages.

Designing a Cellular System for Portable Units. William C.Y. Lee, PacTel Cellular, January 1989, page 68, 4 pages.

Digital Multiplexing in Cellular Telephone Networks. Brian K. Sherk, AEG Bayley, June 1989, page 32, 6 pages.

Honolulu Cellular Cuts T1 Trunks. Richard Schuenke, Honolulu Cellular Telephone Company, April 1988, page 32, 2 pages.

Network Engineering for RSAs. Harold G. Clappitt, SAFCO, February 1989, page 40, 3 pages.

CELLULAR USER PROFILES

Analysis: Growing the Typical Cellular User. Darren Sextro, January 1989, page 104, 5 pages.

Customer Profiles. William Olsen, January 1988, page 44, 3 pages.

Data & Cellular: Taking Mobility to the Limit. Steve Roberts, November 1988, page 24, 6 pages.

CONVERSION KITS

Taking It Off the Road. Rhonda L. Wickham, April 1989, page 60, 3 pages.

CTIA NEWS

A History of the Roamer Committee.

February 1989, page 8, 3 pages.

Capping Cellular's Potential. (Are outside factors preventing cellular's true growth?) February 1988, page 6, 1 page.

Cellular Street Blues (The intelligent marketing of cellular and its potential.) Robert W. Maher, CTIA, May 1988, page 8, 1 page.

Cellular Today & Tomorrow. Rhonda L. Wickham and Darren Sextro, March 1989, page 66, 6 pages.

Completing the Puzzle (RSA licensing.) Robert W. Maher, CTIA, July 1988, page 6, 1 page.

CTIA Approaches International Markets. Rhonda L. Wickham, April 1989, page 8, 2 pages.

CTIA Chairman Looks Ahead. (Haynes Griffin.) September 1989, page 12, 1 page.

Interview: 1989 Agenda. (Interview with Robert W. Maher.) January 1989, page 10, 4 pages.

Interview: 1988 Perspective. Rhonda L. Wickham, December 1988, page 14, 2 pages.

Managing New Cellular Demand. Stephen D. Boyd, Booz•Allen, June 1989, page 6, 2 pages.

Net Settlements Program Begins. August 1989, page 6, 1 page.

Pre-Testing Digital. (Digital demonstrations.) Jesse Russell, AT&T, and Robert W. Maher, June 1988, page 11, 2 pages.

Public Safety Vs. Perception. Robert W. Maher, CTIA, September 1988, page 12, 1 page.

Winter Show a Success. Rhonda L. Wickham, March 1989, page 6, 1 page.

Working Toward Second-Generation Technologies. Rhonda L. Wickham, April 1988, page 14, 1 page.

DIGITAL

The Coming Age of Digital. Michael Losee, Nokia-Mobira, July 1988, page 48, 4 pages.

Pre-Testing Digital. (Digital demonstrations.) Jesse Russell, AT&T, and Robert W. Maher, June 1988, page 11, 2 pages.

United or Divided? (What impact will the TDMA/FDMA decision have on the industry?) Rhonda L. Wickham, January 1989, page 8, 1 page.

OKI telecom CDL 350. Robert P. Hamblet Jr., December 1988, page 70, 2 pages.

Panasonic EB-362. Tracy Dybowski, Buffalo Telephone Company, February 1988, page 44, 3 pages.

Statpower Pocket Power Inverter. Faris Howat, August 1989, page 44, 2 pages.

Uniden CP-1000. Tracy Dybowski, March 1988, page 52, 2 pages.

QUALITY DEALER AWARD PROGRAM

A Sweep for the East. Darren Sextro, April 1989, page 20, 1 page.

Welcoming Pittsburgh
and New York to
the Real Time
Network!

EARN TOP DOLLARS IN RENTALS.

Dealers and distributors can lock-in profits and growth in the cellular rental business.

Rentals by the day at hotels, rent-a-car agencies, and convention sites are booming thanks to Real-Time Rental Systems.

This unique technology — now operational on cellular carrier switches in major cities coast to coast — provides comprehensive services to business travelers who need cellular phones on a short term basis.

Rental distribution takes you beyond mere hardware sales and activations. It's an ideal strategy to open up premium priced air time and new market segments.

Distributors typically gross \$300 per month per phone with an average margin of 60%.

For details and information about our distributor support program, call Cellular Technical Services at 206.443.6400.

Troubleshooting Cellular Telephones. Steve Yennaris, Quintex Communications, February 1988, page 18, 2 pages.

Low Cost Housing for High Cost Equipment.

A Bally modular building will protect your equipment from wind, heat, rain, cold, dust, and intrusion. And now it's yours in 2 weeks.

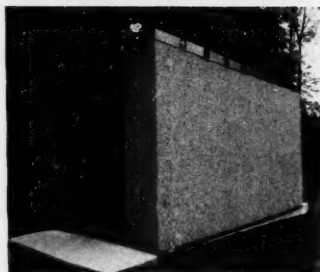

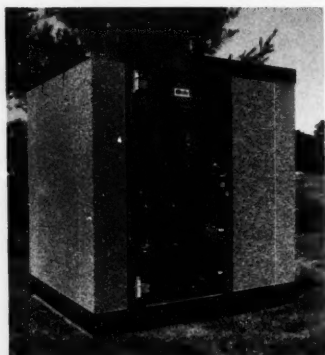

Today's best manufacturing and order processing techniques mean your Bally building can be shipped in as little as 2 weeks, depending on how it's equipped. And here's what you get:

- The Speed-Lok® joining system makes installation, expansion, or relocation quick and cost-effective.
- 4" urethane insulated panels won't expand or buckle.
- Building panels come in many finishes and colors, including stone aggregate. They're strong and can blend with the environment.
